E-NEWSPAPER

It is a dynamic and modern web application that delivers the latest news to users. Built using HTML, CSS, JavaScript, React, Bootstrap, and the News API, this project integrates various technologies to provide a seamless user experience.

RESUME BUILDER

The Resume Builder is a web application designed to help users create professional and customized resumes effortlessly. The application guides users through a step-by-step process, ensuring all essential information is included and presented in a visually appealing format.

SUDOKU SOLVER

Keep your sentences short and to the point. This will make it easier for a recruiter or hiring manager to read or skim. For your more recent positions, really play up your management skills. Your older positions will give you an opportunity to delve deeper into your technical know-how and hard skills.

E D U C A T I O N

Odisha University of Technology and Research , Bhubaneswar
